4/19/2016

TO: INTERNATIONAL FLEET SOLUTIONS

FROM: DREW McEENEY

To Whom It May Concern:

In April of 2016 our dealership sustained the worst hail storm it had seen in nearly 20 years. We were able to quickly engage with our insurance partner and with International Fleet Solutions to quickly address vehicle repair.

IFS repaired over 130 cars in only a few short weeks. Their speed, quality, and price was all very good. I would recommend another dealer in our unfortunate situation to consider IFS to repair their damaged fleet. They are truly hail experts.

Regards,
