

REICHARD

GET IT REICHARD THE FIRST TIME

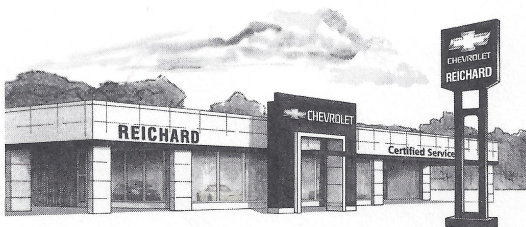

CHEVROLET

To whom it may concern,

International Fleet Solutions business was highly recommended to us by our dealership's insurance company after a significant hail storm occurred in June of 2018. Within a day's time of the phone call, IFS was out with 9 non-local crew members ready to get started. We had around 125 vehicles on our lot at the time, and of those about 75 were marked as damaged by our insurance company. IFS set up a very efficient process; within a week's time our lot/inventory looked as if the entire event never happened. Their employees were kind, hard-working, courteous of our day-to-day operations, and very good at what they do. If something this unfortunate was to ever happen again we know who we will be calling. International Fleet Solutions is immensely recommended by us here at Reichard Chevrolet.

Sincerely,

Paige and Jeff Reichard
