Greeley, CO 80631

To Whom It May Concern:

We are writing to recommend the services of International Fleet Solutions, Inc. From the day after the hail storm hit our dealership and town IFS assisted us all the way through. Their company was a tremendous asset during this time. Their level of professionalism and knowledge of their industry was instrumental to us managing our way through the storm.

We enjoyed working with International Fleet Solutions and are happy to provide this recommendation.

Sincerely,

Nichole Buxman
